What's included

This pattern PDF only includes the letters that will fit the height needed for the “Just Bee” pattern. This is 27 rows total.

If you would like to use these letters for other projects, please do so. I do ask that you not use them for your own pattern making.

I also ask that you credit me when appropriate or link back to my website where you received these patterns.

Incorporating the letters will take some knowledge about overlay mosaic crochet. The following pages only have the letters. It does not explain how to incorporate them into your project and at this time, I am not able to help with that process. (Sorry!)

You can, however, join Mosaic Hooker Chat Café, my Facebook chat group and ask plenty of questions in there and I am sure there are people that might be able to help guide you!
